Architectural Decision Record	Type: Project|Feature|Restructure	**Title**: Title	**Status**: OM|ON|D|X
Context:	OM = Omitted	ON = Ongoing	D = Deprecated	X = Executed

<div align="center">

Core Decision: Salient point of change

</div>

Prospects	Decision Parameters	0TD Concerns
You can insert anything here	This includes tables, lists, and graphics	With modularity, this row of pages is also optional

Decision Process	Results and Conflicts
I suggest at least using this row via \deploy	Templates are still in the making

Experience Report
This is entirely optional as well
